A TRULY INTERNATIONAL EXPERIENCE!

The Summer School of Jönköping University 2018 consists of one 10 credits course given by the School of Engineering. The course Purchasing Logistics with a Global Perspective is open to international students from around the world interested in the areas of engineering and management. As a participant in our summer school, you will experience academic and applied knowledge as well as a truly international environment.

RIGHT IN THE CITY CENTRE

Jönköping University has a great location in the heart of the city, within walking distance to the main attractions, museums, shopping and with a diversity of coffee shops and restaurants offering international cuisine.

SOCIAL AND CULTURAL ACTIVITIES

To get the most out of the summer school, participants are strongly recommended

to take part in the social and cultural activities offered alongside the academic course content. Through the rich programme you will gain insights into the Swedish culture.

For example, you will visit one of Sweden's best preserved castles from the 16th century and experience the little charming city of Gränna where popular peppermint candy canes are being handmade.

THE SUMMER SCHOOL OF JÖNKÖPING UNIVERSITY INCLUDES:

- Pick-up service
- Accommodation
- Company visits
- Welcome lunch
- Farewell dinner
- Access to the library services
- Access to Campus Arena- fitness and recreation center
- Wi-fi on campus
- 24 hours/day access to the facilities
- Social and cultural activities

› Sweden is ranked as one of the world's top nations when it comes to innovation – making it one of the most innovative countries in the European Union.

Jönköping University is one of the most international universities in Sweden. We attract students from all over the world with committed teachers and study programmes that connect research to industry. We offer an international study environment that is fun and inspiring, and an entrepreneurial way of looking at the world.

The university conducts education and research at its four schools: School of Health and Welfare, School of Education and Communication, Jönköping International Business School, and School of Engineering. The campus facilities offers students comfortable study areas and a friendly study environment. Campus arena, the fitness and recreation center offers modern training facilities.

FINDING YOUR PLACE IN THE WORLD.

A NATIONAL KNACK FOR CREATIVE THINKING

Many Swedish companies have grown wealthy as a result of Swedish innovativeness, including Volvo, Ericsson, Electrolux, ABB, Tetra Pak, AstraZeneca and IKEA.

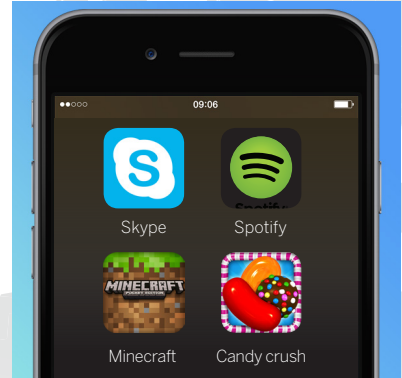

DREAMHACK IN JÖNKÖPING

The world's largest digital festival that attracts thousands of esport enthusiasts, gamers and fans annually.

SWEDISH FASHION

Swedish fashion attracts great success internationally. Recently Sweden's largest fashion exporter, H&M, has gained credibility with the fashionistas after collaborations with some of the world's top fashion designers.

INVENTING TOMORROW'S WORLD

Skype and Spotify belong to the new generation of Swedish technological successes.

WHY SWEDEN?

- Beautiful nature
- Sustainability and the environment are in focus
- Equality and diversity are central to Swedish society
- International student friendly
- Entrepreneurial and international
- High standard of living

Words about JU Summer School

"My key experience from the course was to know about the sustainability approach to the supply chain and purchasing. And the best about JU Summer School was meeting people from different countries while having good level education."

Pablo Islas, TEC de Monterrey, **Mexico**

"Being able to visit big companies such as IKEA and to learn how their logistics chain work is really an eye opening."

En Ming Benedict, Nanyang Technological University, **Singapore**

"I would definitely recommend JU Summer School, the whole experience was just fantastic. It was very exciting experiencing the Swedish culture."

Alyssa Yankowski, University of Central Florida, **USA**
