TIFFANY YOUNG

"The happiest I have ever been. The Education Aboard Network has been a perfect program and made the entire process so easy! It really helped that the staff is so good at communication and how friendly they are. TEAN has been more than just an experience aboard. It gave me the chance to make the changes I needed in my life when I was ready and helped me learn so much about myself. Coming to New Zealand was my first time out of the country and I had been both nervous, but extremely excited because I knew I was going to make the best of it. Throughout my time here I have meet some of the best people out there... My only regret was that I couldn't go aboard for the whole year!"
