In partnership with The Education Abroad Network (TEAN), UCF students can study abroad in Australia, home to some of the most highly regarded academic institutions in the world. As the leading study abroad provider in Asia Pacific, TEAN gives UCF students in all majors access to Australia's expansive educational offerings and the possibility to also intern while studying to gain valuable work experience.

ADAM CLARK

"This experience was the most amazing journey that I could have embarked on. I challenged myself to push my limits, try new things, meet new people, and embrace the culture of all the places I visited. I was able to grow in ways I never thought imaginable and in the end I don't recognize the kid that boarded the plane four months ago. The people I met on this trip taught me more about life than some of my best friends back home and I am glad to say they will be lifelong friends. Overall studying abroad changed my perception on life, what I want out of it, and the kind of person I want to be, all things I consider to be priceless."
